

I have been listening to K-LOVE Christian radio for years, and am alarmed to hear it may not be broadcast on the FM translators, but instead be replaced by Low Power FM alternatives. K-LOVE is the only uplifting and encouraging radio program available in my area and it has a profoundly positive impact on its listeners. It changes thousands of people's lives for the better every year. For me personally, it lifts my spirits and ministers to me in a way like no other media. It starts my day off right, and brings a sense of peace and comfort amidst the every day struggles and conflicts we all face. Christian music has made me (and continues to make me) a better person and I'm very grateful for it. Please don't take away this important programming by allowing LPFM to take priority over current FM translators. Thank you.
